WINDJAMMER LIST MY PROPERTY

In response to concerns about favoritism among local realtors, the BOD has decided to implement a new link on the Windjammer website. This link will allow Don Speaker, as WebMaster, to initiate additions and changes to the real estate listings for both Sales & Rental Property.

The BOD wishes to thank Realtor Amy Reinholdt for her assistance accessing website changes for real estate properties over the years. Thank you Amy.

Moving forward Realtors and Shareholders will be able to submit information about properties directly to the WebMaster via email or hard copy. A copy of the listing format is on the Website under the forms link; blank forms are available in the forms folder at the Club House.

Starting May 1st the Windjammer Website will begin using the new format. One photo of each property listing will be posted on line; Shareholder will provide the photo.
